Title: **Back to School**

Presenter: Lynette McDougald, Instructor & Manager
The University Florist

We will go “Back to School” as we review of the basic use and care of floral tools and the importance of floral foods and proper conditioning of plant materials. In our floral design work, we will be using plenty of summer blossoms along with vegetables and herbs.

Materials and containers

- 4" pot of fresh herbs
- A few tomatoes and/or peppers
- Several peas and beans in the pod
- Wicker basket approximately 4" deep and 8-12" long; 4-8" wide
- 24" of cord or paper covered wire
- Waterproof 'filler'
- Cellophane or packing peanuts for bracing

Whatever you think is 'design-able'!
